

FUSION LINE

Contemporary
aluminium railings

- Minimal design
- Extreme robustness
- Quick and Easy installation
- Three different options to select from.
- Certified and Approved.

FUSION LINE

Contemporary aluminium railings

Orbit

Unrivalled contemporary design for enhanced level of safety, widely used in private villas as well as hotel terraces and balcony partitions. Functionality and aesthetics all in one!

Elxis

Minimal design and sleek lines to the maximum! Allows bigger spans with glass panels offering uninterrupted views. The balusters are available in highly durable powder coating in a large selection of colours.

Synthesis

A selection of numerous numbers of profiles gives a large variety of railings, in unbeatable design and aesthetically pleasing. Greatest advantage is low maintenance and durable qualities. Easy to assemble and pre fabricate in house almost 80% before installation on site.
