Open air

ADJUSTABLE GLASS BALUSTRADES

Open air PLUS

These units have been designed to offer protection against the wind, and create a comfortable space with style, both during the day and night, all year round. Suitable for ground level and on the balcony, OPEN AIR is easy to operate thanks to the top rail fitted on the moving section.

Open air ULTRA+

This variant of OPEN AIR offers maximum protection against the wind due to the additional framing bottom profile on the fixed section. Cold winds and harsh weather can no longer prevent enjoying outdoor life!

Open air eMOTION

Electrically operated, E Motion is the smart solution to those who wish to control every move at any time.

With the maximum variant available in 3000 x 2180mm OPEN AIR E MOTION blocks not only the wind but sound as well!
